💼 WORK EXPERIENCE

DAIDONG LOGISTICS (DDL.COM.VN)   JUNE 2016 - PRESENT
Sales Software support staff

Main responsibilities:
- Mastering the company's Logistics software system.
- Instruct staff to use the software, check and fix user errors.
- Contact software suppliers, customize software to suit your company's software needs.
- Synthesize and report the results of using the software to the Board of Directors.

Recognition and Gains:
- Logistics software is increasingly perfect, creating favorable conditions for the business department to work. Bring profits to the company.

LEARN FONT-END TO BECOME A FONT-END DEVELOPER   NOV 2019 - PRESENT
Study by yourself in the evenings

- Review learned knowledge: HTML, CSS, BOOTSTRAP.
- Watch video tutorials on YouTube, websites that teach font - end programming to improve skills.
- Code of demo sites, review knowledge learned.
- Read technology blogs, learn new technologies.

✏ EXPERIENCE

-After graduating, I was probably difficult to look for a job related to what I studied. As others I have to work as another job, however, it's never can not give up my passion in technology. Therefore, I decided to research and find a job in programming. I chose Font end programming for learning and development.
- Some local websites I have done:
https://dieplamdung.github.io/shoe-shop/
https://github.com/dieplamdung/fashion-shop

🏆 THANK!

I will try my best to study well and finish the assigned work well. If accepted, I promise to work hard and dedicate myself to the development of the company. Become a good end developer font.Sincerely thank!   **2021- +++**
